DICOM Receive Settings

Step 1: Log-in to your mymedicalimages account at https://app.mymedicalimages.com/.

Step 2: Open the menu in the top left-hand corner of the page, open the "Account and Settings" dropdown menu and select the "Receive Settings" option.

Step 3: You will be taken to the Receive Settings page. This page will show you the information for mymedicalimages server host and server port, as well as your default AE title.
Your AE Title will default to the Phone Number associated with the account. If you would like to use a different AE Title to use for DICOM Sending, you can enter in an alternative title in the field labeled "Alternative AE Title" and click on the "Save Changes" button.
