Medical Images from CDs on Your
PC or Mobile Device

mymedicalimages[™]
.com

Medical images are vital for historical comparison, when seeking second opinions, and for treatment options. Now, you can conveniently access all your family's medical images on demand and easily share them in minutes. Ask your doctor for your medical images and always have them at your time of need.

Upload your
medical images on a
Kodak Moments[®]
Photo Kiosk
exclusively at CVS[®].

“ “
Caroline's Story

Our son was diagnosed with cancer in his femur. In the first 3 months, we had over 20 imaging CDs. We now have his images on our phones to instantly share with specialists anywhere in the world at his time of need. It has given us true peace of mind.”
